

Basic Course in Vascular Ultrasound

22. – 24. February 2018

Department of Vascular Surgery
Rigshospitalet, University of Copenhagen, Denmark

Convenor and faculty

Kim Kargaard Bredahl, MD, PhD, Dept. Vasc. Surg., Rigshospitalet, Denmark. (convenor)

Qasam Ghulam, MD, Dept. Vasc. Surg., Rigshospitalet, Denmark

Jonas Eiberg, MD, PhD, Ass. Professor, Dept. Vasc. Surg., Rigshospitalet, Denmark

Lecturers

Lærke Urbak, MD, Dept. Vasc. Surg., Rigshospitalet, Denmark

Henrik Sillesen, MD, DMSc., Professor, Dept. Vasc. Surg., Rigshospitalet, Denmark.

Lotte Klitfod, MD, Ass. Professor, Dept. Vasc. Surg., Rigshospitalet, Denmark

Rikke Broholm, MD, PhD, Dept. Clin-Phys., Bispebjerg Hospital, Denmark

Venue

Department of Vascular Surgery, Class room 1+2, Section 2112 (stairway 2, 11th floor)

Rigshospitalet, Blegdamsvej 9, 2100 Copenhagen, Denmark

Dates

Thursday 22. February 2017 (12:00) to Saturday 24 February 2018 (13:45)

Objective

Vascular ultrasound is a rapidly developing modality in vascular surgery. The objective with this course is to make the participants able to perform some of the most *basic vascular ultrasound* examinations: abdominal aorta, iliac and femoral arteries, peripheral bypasses, basic carotid ultrasound, deep venous thromboses and varicose veins.

Participants will have the opportunity to practice their skills under supervision during the course. This course corresponds to the curriculum of the theoretical part of EFSUMB Level 1 in Vascular Ultrasound (European Federation of Societies for Ultrasound in Medicine and Biology). Online quizzes and tests will be conducted regularly during the course and the faculty underlines that attendance in the entire course is mandatory in order to receive course certificate and CME points.

Participants' qualifications

The course is designed for vascular surgeons, vascular surgeons in training and vascular nurses and technologist. No prior ultrasound experience is required but basic knowledge to vascular anatomy and physiology is expected.

CME-points

ESVS will apply the CME committee of UEMS for CME-points.

Registrations fee

€ 900 for ESVS members and € 1000 for non-members. The fee includes course material, and lunch. Transport, accommodation and additional meals are not included.

Basic Course in Vascular Ultrasound

22. – 24. February 2018

Department of Vascular Surgery
Rigshospitalet, University of Copenhagen, Denmark

Registration

For registration and logistic info please contact the ESVS training office:
training@esvs.org / Website: www.esvs.org

Please notice that the course completion depend on appropriate entry. Whether the course will be conducted is announced no later than one month before course start. Travel and accommodation must therefore not be made until this message is given and ESVS is not financially responsible if this is done anyway

Questions

Questions regarding course content, qualifications etc. can be addressed to

Basic Course in Vascular Ultrasound

22. – 24. February 2018

Department of Vascular Surgery
Rigshospitalet, University of Copenhagen, Denmark

Hours	Thursday 22. February	Friday 23. February	Saturday 24. February
08:45 - 09:00		Coffee	Coffee
09:00 - 10:45		Ultrasound Physics in detail: From sound to B-mode image Colour duplex imaging, spectral analysis and waveforms Ultrasound guided access JP Eiberg / M Lawetz	Varicose veins L Klitfod Deep venous thrombosis incl. patient demo. and vein quiz R Broholm
10:45 - 11:00		Coffee	Coffee
11:00 - 11:45		Basic carotid ultrasound incl. patient demo. L Urbak	Hands-on varicose veins and DVT patients
11:45 - 12:00			
12:00 - 13:00	12:00 - 12:30 Registration, welcome and sandwich 12:30 - 13:00 Introduction: History and the value of ultrasound in the vascular clinic from a surgeon's perspective H Sillesen	12:00 - 13:20 AAA surveillance and iliac arteries including patient demonstration and quiz on today's subjects. K Bredahl	Hands-on varicose veins and DVT patients
	Short 5 min. Break		12:45 Working lunch in auditorium
13:00 - 13:45	Getting started: Ultrasound physics at a glance and ultrasound machine functionality. K Bredahl	13:20 Lunch in the Hospital canteen	Miscellaneous: Minimum training, quality control, equipment , online evaluation, advanced course Q Ghulam
13:45	Coffee	Return no later than 13:55	Goodbye
14:00 - 14:45	Femoral and popliteal arteries incl. patient demo. Q Ghulam	Hands-on carotid, AAA, PAD patients	
14:45	Short quiz	Coffee	
15:00 - 15:45	Hands-on medical students	Hands-on carotid, AAA, PAD.	
	Coffee	Coffee	
16:00 - 16:45	Hands-on medical students	Hands-on carotid, AAA, PAD.	
17:00 - 17:45	Hands-on medical students		
19:00	Course dinner Le Petite Gourmet
